Nearly All Berths Are Sold Will Be Great Trip for Very Low Cost

Auditor W. F. McChellan of the A. & St. A. B. Road who will personally conduct the excursion to New Orleans on the 20th, states that nearly all berths are taken. This will be a great trip and the cost will be small, \$15 for the round trip with no hotel bills to pay. If you have not engaged your passage do so at once as only a limited number can go. The regular Sunday special will leave at 5:40 in the morning for Panama City. The weather promises to be fine and no doubt a large number will go down to enjoy the excellent surf bath.

It may be of interest to know that every president of the United States from Benjamin Harrison to William H. Taft has been a member of the Sunday League of America, and some of the most eminent men of all denominations organized the movement among whom are ex-Governor Holt Smith (Presbyterian), Bishop J. S. Johnston (Episcopal), the late J. William Jones (Chaplain General of the Confederate Veterans) and the late Dr. T. T. Patton (Baptist). ## SURVEYING TO BEGIN

### CIVIL ENGINEER T. L. WOODS ARRIVES IN CITY

Improvements are Badly Needed and Citizens are Glad to See Work Begun

Mr. T. L. Wood, a civil engineer representing J. B. McCarty & Co. of Atlanta is in Dothan and will commence at once the work of surveying the city and making plans for the paving and water and light and sewer extensions. The council and citizens are glad to see work commenced on these improvements as they are badly needed especially the water and light improvements as the power plant is in very bad shape at the present. The water supply is in such a critical condition that City Clerk Linsby this morning had to request the Central road not to use the city's water for their cars until repairs could be made.

## DOTHAN FEELS EFFECTS

### OF THE PRESS ASSOCIATION ADVERTISING

Many Letters from Merchants, Tradesmen and Farmers Received by Club

The effects of the wide advertising, that Dothan is receiving as a result of the meeting of the Alabama Press Association here are noticeable in the Commercial Club and every day. Not a day passes that does not bring an inquiry from a prospective merchant or tradesman regarding business opportunities. Merchants and tradesmen write in regard to employment and farmers ask about land. It will not be many weeks before concrete results will be seen in new business enterprises established in the city. No names can be made public yet, but the men and money are coming.

Mr. T. L. Ward and family left this morning for Glenn Springs, Ga. for a several days outing.

Miss Willie Howell has been elected a teacher in the Greenville high school and will teach at that place the coming school year.

## ANNOUNCEMENTS

I hereby announce myself a candidate for Clerk of the Circuit Court of H. Aston county subject to the action of the Democratic party.

## A VICTIM OF DOPE

### YOUNG MAN FOUND OPAZED BY MORPHINE

About 28 Years of Age Apparently Well Bred and Educated From Montgomery

Today at the noon hour there lay under the shade of a tree on Lena street, between West Main and Troy streets a victim of the dope habit. Apparently of good education, clean, intelligent and correct in his habits, with bright prospects and a fine future, but now in the grasp of the fearful demon Dope, he was scared and pinched from the constant use of the needle. His constitution was weak and his mind was wrecked. The poor fellow lay on the ground while kind people did what they could for him. A minister of the gospel spoke kindly to him, a physician did what he could for his ailment, while others brought a pillow for his head, offered him food and drink and a place of shelter. Giving his name as Clint Hartman, he told the kind people about him the story of his life. Of good Irish American stock, he was given an education and studied pharmacy for a year or more before graduating he was injured in an elevator wreck last night, being severely hurt. The attending physician gave him morphine. The use of it awoke or developed an appetite for the drug and today was the result. Recently he had been employed as a waiter at the Exchange Hotel in Montgomery. He was now on his way to friends in South Carolina. While in Dothan he fell into the condition in which he was found. When first seen he acted wildly, being crazed for or for want of the drug. Feeling the shame of his condition, he stated that he could not turn to his mother, but would go to his friends. He was taken care of by kind hands for the present and will probably be assisted on his way.

### YOUR NEOLIGNE SHIRTS

will hold their original fine appearance, for we know how to launder them even more carefully and skillfully than the manufacturers do. No bulging no wrinkling. Just a perfect fit and the shirts wear longer too when laundered by us.

## CHANGE TOMORROW

### In the Atlantic Coast Line Schedules

Trains to Arrive and Depart at Earlier Hours than Under Present Schedule

There will be some changes made in the Atlantic Coast Line schedules effective tomorrow. No. 180 will arrive at 10:40 instead of 11:10. No. 189 will arrive at 1:20 instead of 1:40. No. 43 will leave at 5:55 instead of 6:15. Abbeville train will leave 9:45 instead of 10:15.

Mr. J. R. Hill returned last night from a several days' visit to Painesville. He reports crops in Barbour not as good as in the wiregrass but about on an average. Barbour never has the crops but the wiregrass has any way. These old hills were worn out before this country was settled.

## DR. THOMSON HERE

### ARRIVES ON CENTRAL TRAIN THIS MORNING

Is the Guest of Dr. Hurt, Pastor Foster Street Methodist Church

Dr. Edward Thomson, who is to speak at the Methodist church at both services tomorrow, arrived on the Central this morning and is the guest of Dr. Hurt. Dr. Thomson is one of the best orators of the South, and those who fail to hear him tomorrow will miss a rare treat. He is a man of high intellectual attainments and combines in his lectures strength and beauty in a rare degree. All the congregations of the city are invited to unite with the Foster street congregation in the evening service. His subject for tomorrow morning will be "Reason on the Side of Sunday Rest," and at night, "The Duty of the Hour."

## ANNOYING INSECTS

Among them are BED BUGS, disagreeable in appearance and odor and very annoying at night. Notwithstanding the present tariff question, WE have found the REMEDY. This compound kills the old ones that forage on YOU at night, and destroys the eggs that will soon take the place of the old ones. This Bed Bug Poison is safe, sure and does not disfigure the furniture. Give it a trial. Guaranteed to do its work by

And Abbeville's old Town Row goes merrily on

A report comes from Kansas which state attracted attention years ago by going dry to all outward appearances that some women have been arrested for smashing saloons in that state. Don't know how that could be.

### GOT 'EM RIGHT NOW

Dothan, Dothan and all the town that you can read about in the papers of Alabama is Dothan. She entertained the Press Association, she voted bonds, and now they are turned down on account of irregularities and just naturally plays the devil all the time. Headland Post.

Dothan has always had that faculty of keeping before the public for one thing or another. Dothan has been mentioned more by the Alabama papers during the last few weeks than any other town in the state.

And about the bonds, that's nothing. We are advertising the things over again, and when we are through with them it will be no trouble to sell them for about \$1.08 or \$1.10. Everybody who buys bonds wants Dothan's bonds—they are good.

### THE COMMISSIONED GOVERNMENT CITY.

We don't thoroughly understand the commission form of municipal government, but are inclined to think that it is a good thing. The Birmingham News gives several cities as instances where that form of government has been tried, and they like it. It is said of Des Moines, a city about the size of Birmingham that hardly 500 people could be found who would now favor the old pie out politics.

We understand that the commissioners are selected so that their terms of office expire at different times. For instance, where we now have nine commissioners, all

of whom go out of office at one time, say only three would go out this year, three next and the next three keeping a majority of the council in all the time when they ought to be changed with the workings of the town's affairs.

This would eliminate the petty intrigues from the town, it would save and for better service.

As it is now every council wants to do the best it can. It wants to make a record and is not natural that a council all dump the news on its shoulders the morning a demonstration would all do it, but if the council was composed of men whose term of office expired at different times keeping a majority of the old ones in business all the time it would do away with the habit of making comparative statements to the discredit of the old council.

Probably no returning council has ever felt like it didn't make a better one than the preceding one. That's natural and that's right. Every administration ought to improve on the previous one. Every business man tries to make very year better than the year before and every successful farmer tries to make more on his farm this year than he did last.

It is an easy matter for one council to do more for the town than the previous ones but it is one time a hard matter for one administration to make a good showing when many unexpected obligations of the town come up but are made by the old administration.

It has always been our opinion that the term of municipal officers was too short to bring out the best there was in them.

There may be something against the new way of running a town by commission but we feel like it is worth looking into, and it here is to be some legislation along this line. Dothan ought to come in for a show at it.

WANTED AT ONCE:--Two experienced lady clerks.
